

# BEARD BUSTING SHAVE CREAM

# ALL NATURAL SHAVE CREAM

# WICKED GOOD SHAVE CREAM

# SHAVE IT OFF SHAVE CREAM

## Instructions:

Wet your face thoroughly with warm water for several minutes. Shaving works best if done after a shower.

Use a shaving brush to apply the shaving cream in a circular motion.

End in an upward stroke and this will help lift up your beard hair. Leave the shaving cream on for a minute or two so your hair becomes soft. This also lubricates your face to allow your razor to glide easily and smoothly.

**Very Important: Use a sharp razor!**
